WhoWeAre

We are Homsworth

Homsworth Concept Limited is a Nigeria based construction company that is operated by young and experienced engineers since 2006.

We proud to be a leading construction company in Nigeria, whether it is a new construction or updating & renovating what you already have, we look forward to helping you with any size or range of project.

We take great pride in the work that we do, and we look forward to building a relationship with our clients.

Our work reflects our pride; we make it our number one goal to deliver practical, yet cost-efficient solutions tailored to meet your engineering needs and exceed your project expectations.

Our Core Values

We are committed to the sustainability of the communities you client businesses and the environments in which we live and work.

To provide quality services through loyal relationships, clear communication and creative solutions within our unique workenvironment while achieving personal and community growth.

To be the recognized leader in creating desirable communities, while leaving a legacy of excellence.
